

EQUALITY IMPACT ASSESSMENT

Reduction in programmed flood risk management and

Reference number	BA000266
Date Submitted	24/01/2024
Subject of the EIA	Reduction in programmed flood risk management and

How will you mitigate agair	ıst
any negative impact to the	
age characteristic?	

Consultation on proposals and warning / informing colleagues, members, stakeholders, partners and flood action groups. Prioritisation of maintenance focused on very high-risk assets. BOC Major Emergency Plan and Multi-Agency Flood Plan helps to set out the response to an incident and includes the identification of vulnerable people and highly vulnerable receptors such as contacting individuals in response to an emergency and relevant emergency procedure.

Does this proposal impact those people with a disability as per the Equality Act 2010?	Yes
Please describe the impact to the disability characteristic	Those with physical or mental disability or long-term illness may have difficulties receiving warnings and being able to respond to them. Residential care homes, hospitals etc. may experience difficulty in evacuation. Will impact those with limited movement, those with physical / mental disability or long term illness and those who may have particular difficulties being able to respond to, and mitigate against flood risk - especially those dose to a watercourse grill / control structures and especially those at surface water (pluvial) and river (fluvial) flood risk.
How will you mitigate against any negative impact to the disability characteristic?	Consultation on proposals and warning / informing colleagues, members, stakeholders, partners and flood action groups. Prioritisation of maintenance focused on very high-risk assets. The BCC Major Emergency Plan and Multi-Agency Flood Plan helps to set out the response to an incident and includes the identification of vulnerable people and highly vulnerable receptors such as contacting individuals in response to an emergency and relevant emergency procedures.

Does this proposal impact citizens based on their gender as per the Equality Act 2010?

Yes

Consultation on proposals and warning / informing colleagues, members, stakeholders, partners and flood action groups. Prioritisation of maintenance focused on very high-risk assets. BOC Major Emergency Plan and Multi-Agency Flood Plan helps to set out the response to an incident and includes the identification of vulnerable people and highly vulnerable receptors such as contacting individuals in response to an emergency and relevant emergency procedure.

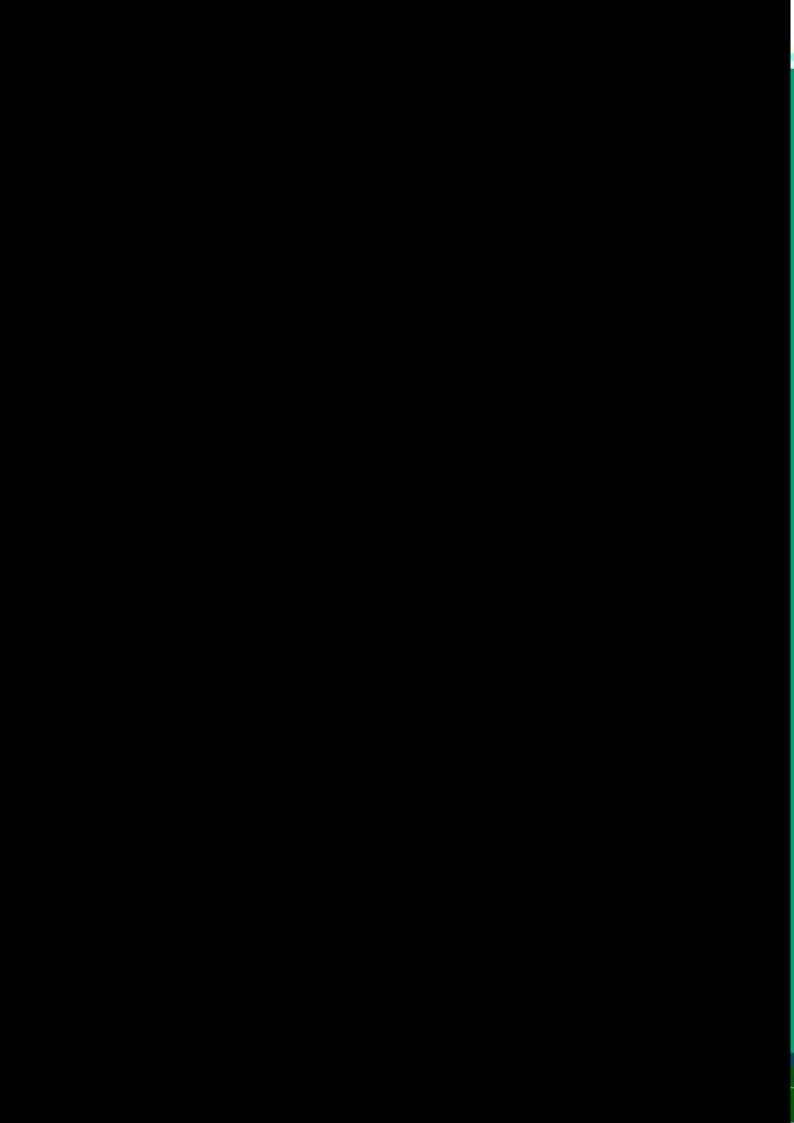

Does this proposal impact	Yes
people covered by the	
Equality Act 2010 under the	
protected characteristic of	
pregnancy and maternity?	
Please describe the impact to	As primary caregivers, women and /or pregnant people are
the pregnancy and maternity	more likely to have responsibility for dependants in the
characteristic	event of a flood. Those who are pregnant may have limited
	mobility and may have difficulties responding to flooding.
How will you mitigate against	Consultation on proposals and warning / informing
any negative impact to the	colleagues, members, stakeholders, partners and flood
pregnancy and maternity	action groups. Prioritisation of maintenance focused on
characteristic?	very high-risk assets. BCC Major Emergency Plan and Multi-
	Agency Flood Plan helps to set out the response to an
	incident and includes the identification of vulnerable
	people and highly vulnerable receptors such as contacting
	individuals in response to an emergency and relevant
	emergency procedure.
