

EIA Form About your EIA

Reference number	EIA000337
Date Submitted	02/02/2024
Subject of the EIA	Funding School Crossing Patrols from Clean Air Zone Budget
Brief description of the policy, service or function covered by the EIA	The School Crossing Patrol Service is a non-statutory service that supports the provision of School Crossing Patrols at over 100 locations across the city, outside or very near to schools on busy roads and locations to cross unaccompanied and accompanied children across the road every school day, morning and afternoon. The service also contributes to the council's Road Safety and Road Harm Reduction policies by attending schools and doing talks with the children and giving advice on how to cross the road safely. All non-statutory services within Highways and Infrastructure have been reviewed to establish if the service could be funded or delivered via a different arrangement to reduce pressure on the general fund. Although not a statutory service, an alternate source of funding has been secured, and this project will see the School Crossing Patrol function funded entirely from the income from the Clean Air Zone (CAZ) for three years, commencing April 1st 24/25. CAZ funding can be used for a number of specified purposes. Whilst there is a possibility of a very small reduction in the number of air quality initiatives being delivered, the use of CAZ funding to support School Crossing Patrols will contribute to the councils Road Harm Reduction initiatives. There will be no change in service level, and therefore no impact on service users
Equality Assessment is in support of...	["Amended policy"]
How frequently will you review impact and mitigation measures identified in this EIA?	Annually
Due date of the first review	2025-01-01

Directorate, Division & Service Area

Which directorate(s) are responsible for this EIA?	["City Operations"]
Division Service area	Highways and Infrastructure

Officers

What is the responsible officer's email address?	Mark Shelswell
What is the accountable officer's email address?	Mark Shelswell

Data Sources

How will you mitigate against any negative impact to the pregnancy and maternity characteristic?	N/A
